

IRCA

Approved
Lead Auditor Course

IRCA Approved BS OHSAS 18001:2007 Auditor / Lead Auditor Course

(IRCA # A17582 under MOU - BSCIC / TAT)

Learning Objective:

- Describe the purpose of an OHSAS and explain its principles.
- Explain the purpose, content and interrelationship of OHSAS 18001, OHSAS 18002 and ISO 19011
- Plan and conduct an unbiased OH&S Management System audits in accordance with ISO 19011
- Interpret the requirements of OHSAS 18001 in the context of an audit.
- Describe the roles and responsibilities of auditors and team leaders (team leaders shall lead the audit).
- Undertake audit follow-up activities, including evaluating the effectiveness of corrective action taken by process owners

Course Features:

This course is approved by the IRCA (International Register of Certificated Auditors, London) registration governing board and satisfies part of the formal training requirements for individuals seeking registration under the IRCA OH&S Auditor/Lead Auditor Registration Scheme (IRCA # A17582 under MOU - BSCIC / TAT).

Course Structure:

The course is highly participative and will enable delegates to build on existing skills. Emphasis is placed on practical application of assessment knowledge and skills. Realistic case studies allow delegates to apply skills and knowledge to all stages of the assessment process. This course has been designed with input and feedback internationally from a number of trainers, customers and training consultants.

Who should attend:

Anyone who is or aspires to be:

- A Third Party Assessor or Lead Assessor
- Responsible for undertaking audits of suppliers/subcontractors
- Responsible for implementing internal audits and audit programs
