

Approved HABC Centre

HABC Level 2 International Award in Emergency First Aid at Work, Defibrillation and CPR

Course Background

This qualification has been developed for those already working, or preparing to work, in the industry and who have been identified in the company's first aid risk assessment as being required to provide first aid in the workplace

Training Details

- Duration: 8 hours (1 day)
- Registration Fee: 345 AED / person
- *fee includes complete courseware

Course Topics

Module 1: Emergency First Aid

1. Describe the principles that underpin basic emergency first aid support
2. Explain the circumstances under which resuscitation is performed
3. Explain why early intervention is necessary
4. Describe different types of cardiopulmonary arrest
5. Demonstrate the DRABC emergency response
6. Demonstrate the top-to-toe survey of an injury
7. Demonstrate how to place a casualty in the recovery position
8. Identify the risks when placing a casualty in the recovery position
9. Conduct major bleed control on a casualty who has suffered bleeding
10. Manage shock treatment for a casualty

Module 2: Cardiopulmonary Resuscitation (CPR)

1. Demonstrate cardiopulmonary resuscitation (CPR)
2. Demonstrate compression only resuscitation
3. Demonstrate the use of resuscitation barrier devices
4. Demonstrate how to manage a choking casualty

Module 3: The Use of a defibrillator

1. Describe the differences between using an AED on an adult and child
2. Identify safety considerations when using an automated external defibrillator
3. Demonstrate the correct placement of AED electrode pads on a manikin
4. Follow AED voice prompts accurately
5. Demonstrate how to combine the use of an automated external defibrillator with minimal interruptions in cardiopulmonary resuscitation using a manikin
6. Demonstrate the safe delivery of AED shock
7. State the procedures if the casualty shows signs of life and starts to breath normally
8. Identify the information required when handing over the casualty
