

# ADVANCED PRESENTATION SKILLS

## Attend this training in order to:

- Be a Superior Communicator
- Deliver a business presentation with control, professionalism and authority
- Overcome nervousness, negative feelings and pre-presentation anxiety
- Prepare, rehearse and use notes confidently and appropriately
- Learn the proper presentation structure to effectively deliver your key message
- Identify different dynamic audience interest indicators

## Course Background

This course will cover three vital phases in being an effective communicator: Preparation, Delivery and Impact. This course will provide participants with the opportunity to practice the preparation and delivery of formal and informal presentations. Language patterns used in Hypnosis and Natural Language Processing (NLP) will be introduced and delegates will be shown how to center themselves to give them the confidence to present
